This Afternoon the Festivities Begin at the Park—Mayor Lang Speaks.

PROSPECTS ARE FOR A BIG DAY

There is an immense crowd in the city to attend the Labor Day celebration. Many strangers mingle with the citizens, and the weather could not have been better if made to order.

The crowds appeared on the streets early and the workmen in their uniforms lent a variety and novelty to the scene that rendered it very attractive. There was some delay in getting the parade started, but the crowd did not seem to become impatient, and was in high good humor everywhere.

The parade was witnessed by many thousands of people, and was perhaps the largest procession ever seen in Paducah. The streets were lined with people from many places who came in on all the boats and trains, and there will be others this afternoon.

Mayor Lang will deliver the address of welcome and introduce Mr. Charles Farrow, and he will be followed by speakers from Nashville, Memphis and other places. The day will be one of continued festivities, and tonight there will be a grand ball. The day's entertainment has been perfectly planned, and is enjoyed by visitors.

GOOD NEWS.

McCracken County People Fall Heirs To Fortune.

Twenty Thousand Dollars Is To Be Divided Among Seven of Them.

Messrs. Faxio and Percy Craig, well known young men of the city, have received notice that their uncle, Mr. Richard Lindsey, died a few days ago at his home in Mason county, and left his fortune, \$20,000, to his seven nephews and nieces, all of whom reside in this county.

The young men above named reside in Paducah, but the others, two boys and three girls, reside in the Grahamville section of the county. They will come into the possession of the money at once.

POST OFFICE NOTES

Two Other Employees Leave on Their Vacations.

National Association of Letter Carriers Meets in Chattanooga.

Postmaster F. M. Fisher has returned from a two weeks' stay at Creal, and Clerk Dan McFadden has returned from a two weeks' visit to St. Louis. They had been away on their annual vacations, and resumed work this morning.

Mr. Fred Acker, the postman, left yesterday for Chattanooga, to attend the National Association of Letter Carriers, one of the most important bodies in America. The convention began this morning, and Mr. Acker will remain about a week. It is probable that the next meeting will go to San Francisco.

Superintendent of Carriers Fred P. Ashton yesterday began his vacation, and accompanied by his family, left for a trip to St. Louis.

ON THE BAR.

THE GOLCONDA LEFT ON LAND—DIVER PATRICK REWARDED.

The hull of the Golconda now rests on Cottonwood bar, where she went over, and will probably be raised and brought to Paducah this week. The boat had been shoved into the tank, soon after the disaster, but Saturday was pulled out clear of the shore and raised enough to be pulled over the bar, where it was allowed to settle. The raising was done by ropes attached to the sides of two barges, one on each side of the hull, and the Monie Bauer then pulled the hull, across the bar and the ropes were loosened and the hull settled on the sands of the bar.

Diver John Patrick, who worked so hard and asked for no remuneration whatever other than the defrayment of his expenses in diving for the bodies lost in the City of Golconda wreck, has received a check for \$50 for his work in the recovery of the bodies of Mrs. David Adams and Miss Lucy Barnett, of Smithland.

The check was signed by Mr. David Adams, the husband of Mrs. Adams, and shows his appreciation for the work done by Mr. Patrick.

QUARTERLY REPORT.

MARSHAL'S RECEIPTS COMPARATIVELY SMALL THIS TIME.

Marshal Collins' report for the quarter just ended is light this month, amounting to only \$1,787.34. It was one of the lightest quarters on record. It will be presented at the regular meeting of the council tomorrow.

The city council will not meet tonight on account of the Labor Day celebration, but will adjourn until tomorrow night. The Board of Education also meets tomorrow evening, with the usual amount of business on hand.

A FUSION TICKET.

Owensboro, Ky., Sept. 2.—The Republicans, Populists and Brown Democrats named R. S. Triplett for senator and S. Turner Burns representative.

Mr. Triplett is the present senator and was elected as a regular Democrat.

BAD AS EVER

An Agreement to Which They Will Not Agree.

Efforts to Restore Democratic Harmony to No Avail.

An effort to restore harmony in the Democratic party of McCracken county to naught, judging from appearances. An agreement to withdraw from the committee was drafted and submitted to the claimants to committee offices. It specifies that each is to withdraw if the others do, and is not binding unless signed by chairman Potter and Emery, and secretaries Eaton and Lydon.

Chairman Emery has signed it, but chairman Potter and secretary Eaton refuse. Secretary Eaton states that he was elected secretary of the committee, is recognized as secretary by the state central committee and the election commission, and that secretary he is going to remain. He will not resign, and will not give up the records and funds until the proper authority deposes him. He will not resign, although there may be Democratic "mass meetings" from now until Christmas.

Chairman Potter, it is understood, will not do anything to restore harmony. He will not even resign an office that according to the higher authorities in the party he doesn't possess.

GENERAL CELEBRATION.

New York, Sept. 2.—Labor day is being generally celebrated all over the country. New York and Chicago had the biggest demonstrations.

ROOSEVELT GIVEN AN OVATION.

St. Paul, Sept. 2.—Vice President Roosevelt was tendered a great ovation on speaking at the state fair today.

DAMAGE FROM CLOUDBURST.

Cleveland, O., Sept. 2.—There was no loss of life from last night's cloudburst, but the damage to streets and property was nearly a million.

STRIKERS LOSING HOPE.

Pittsburg, Sept. 2.—The strikers failed to bring out men in the big Duquesne mill today. They are losing hope.

TRIAL IN A WEEK.

Frankfort, Sept. 2.—Jim Howard's case is expected to be called and the trial begun tomorrow week, on Tuesday. It seems certain that James Andrew Scott will assist in the defense.

ESCAPE FOILED.

Barlstown, Sept. 2.—A daring plot to escape by jail prisoners was foiled today.

STRIKE IN TENNESSEE.

Coal Creek, Tenn., Sept. 2.—A thousand miners in this district are on a strike. The operators of the Jellico mines have signed the scale, and there is no strike.

A GOOD CONCERT.

The concert given at the park theater last night by Dean's band was one of the best ever heard in the city. All the numbers were of a higher class of music and were well executed. The vocal section of the band, soprano Mr. Bob Robinson has returned, is brought out more prominently and makes an excellent improvement.

ALMOST KILLED.

A Negro Tough Shoots the Marshal at Bardwell.

The Bullet Struck Near the Heart—The Negro Was Killed.

Bardwell, Ky., Sept. 2.—Thomas Warden, city marshal, came near losing his life yesterday morning at William's Crossing two and a half miles south of town. A negro tough got off the south bound train here at 9 o'clock and threatened the railroad agent flourishing a pistol.

Marshal Warden was promptly notified and started in pursuit overtaking the negro at the above place. When Warden ordered the negro to surrender he drew a pistol and fired on the marshal. He also fired twice at Bailly Henderson, who was with Warden, but the first shots missed their mark, but his nerve grew steadier when a bullet hit Warden over the heart in a glancing manner, whereupon Warden realized that he had run upon a desperado and began shooting for his life killing the negro on the spot. Warden was hauled to town and his wounds were dressed by physicians who say that he will recover.

TO BE BUILT.

PROSPECTS FOR THE PROJECTED RAILROAD FROM TIPTONVILLE TO FULTON.

Hickman, Ky., Sept. 2.—It seems to be an assured fact now that the proposed railroad connecting Tiptonville, Tenn., and the rich farming lands of Lake county, with the Illinois Central and other railroads of Jackson's Purchase, will be commenced at an early date. This road will extend from Tiptonville to Fulton, passing through Hickman and intersecting the Mobile and Ohio railroad probably at Jordan.

Major J. C. Harris, who lives at Tiptonville, and owns the greater portion of Reelfoot Lake, is the chief promoter of the scheme. He has been in conference with the citizens of Hickman, Fulton and other points along its line, and after offering stock for sale feels confident that success is at the end. The company proposes to construct its line along the east side of the government level, which is nearing completion, and extends from Tiptonville to Hickman. While a right-of-way on this level cannot be secured yet, it will be a great convenience to the company in building a roadbed in the bottom, and will serve as a protection from the floods of the Mississippi each spring. The road, when completed, will be about seventy miles in length.

THE WRONG MAN.

U. S. Deputy Marshal La Rue returned from Fulton yesterday morning where he was called by the city marshal who thought he had caught a man named Butler, wanted by the government for illicit whiskey selling. The man was the wrong one and was released when the marshal arrived in Fulton. Butler is from Stewart county and has been eluding the law ever since it was learned that the charge had been preferred against him.

NEARLY 100.

ARRESTS MADE LAST MONTH BY THE NIGHT POLICE FORCE.

The number of arrests made during August by the night police force as shown by Capt. Henry Bailey's report that will go to the council tomorrow was 95, twenty-four being for plain drunks, thirty-eight for breaches of the peace, and two for murder.

MOTORMAN RETURNED.

Motorman George Keeney, who lived in the "haunted house" at Seventh and Jackson streets, and disappeared last week, has returned and resumed work for the street car company. His wife returned to her home near Princeton Friday. He has nothing to say about his disappearance.

REVENUE COLLECTIONS.

Stamp Deputy L. L. Bebout's collections for the past month were \$5,613.98. There has been some decrease since the new revenue law went into effect.

WORK BEGINS

Supt. Wallace and Other Officials Here This Morning.

THE NEW SHOP SURVEY

Bids Have Been Asked for and the Work Will Begin at Once on the Shop.

IMPORTANT RAILROAD NEWS

Supt. H. U. Wallace, Roadmaster Pat Galvin, Trainmaster Linton, of the Louisville division; Supervisor W. C. Waggener, Assistant Civil Engineer Fitzpatrick, and assistants, arrived in the city last night and are here relative to the rebuilding of the car shops.

The work of surveying and laying off the site of the building will be completed this week and the amount of work to be done on the building estimated so that the contractors will know how to make their bids.

The workmen are busy this morning clearing away all the small debris and site will be entirely clear by the time the material arrives. Bids will be asked at once.

Vice President Welling, of the Illinois Central, in a conference with a special committee at Vicksburg, Miss., assured them that a branch of the Illinois Central road will be built from Redwood, twelve miles from Vicksburg, to Valley Station, a distance of 26 miles, provided the right of way can be secured.

Orice, the young daughter of Yardmaster Ferguson, who was kicked in the face by a mule several weeks ago, is rapidly recovering and will soon be out again. The little lady's teeth were all loosened and her jaws were crushed but an operation by Drs. Murrell and Howell saved the teeth, and the jaws also. The teeth were put in a wire casing and the jaws were enclosed in a plaster cast both of which were removed Saturday.

Mr. John O'Bryan, the Postal Telegraph and I. C. railroad lineman, went to Calvert City Saturday and transferred the telegraph lines from the old to the new depot. The new depot, which is an exact model of the depot at Kuttawa, was finished Saturday and the employees have moved into it and the depot is now running in full blast. The building has a white and a colored waiting room and a ticket office but no baggage room as there is not enough baggage handled there to justify a baggage room. The residents of that city are justly proud of the depot.

ARRESTS.

NO COURT THIS MORNING, BUT SEVERAL OFFENDERS CAUGHT.

The following arrests were made last night:

Tim Anderson, by Friant and Eich, for a breach of the peace.

Dave Reed, drunk, by Gourieux and Rogers.

Louis Harbold, by Beales and Friant, drunk and disorderly.

Charles Simpson, concealed weapons, by Rogers and Siddeth.

A white man named Hagerson, claiming his home in Mayfield, was arrested this morning by Officer Jimmy Coyle for a plain drunk. He was asleep on the pavement.

Chas. Hall, colored, was arrested this morning by Officer Henry Singery, on the charge of grand larceny. He is charged with having stolen a watch from Mrs. Joe Potter.

FINE MUSIC.

The Best Singers to Be at Temple Isarel This Month.

The Jewish New Year Begins Shortly—A New Rabbi Here.

Rabbi Alexander, who has accepted the call to Temple Israel here, is expected today or tomorrow from New York to assume charge of his pastorate, and will hold services next Friday evening. He is a scholar of high standing and will receive a hearty welcome.

Elaborate preparations are being made for the services on the Jewish New Year, which begins September 13. Prof. Charles Davis will have charge of the music, and several fine singers from other places will be here for the holidays, among whom will be Mrs. Jacobson, of Nashville, and two fine professional singers from St. Louis. Besides, the best local talent will be secured.

The program, which will probably this year be the largest ever given, will be announced in due time.

ATTEMPTED ASSASSINATION

MAN'S HORSE SHOT UNDER HIM NEAR BOWLING GREEN.

Bowling Green, Sept. 2.—A dastardly attempt was made to assassinate Fayette Horton and John Scott, near town. Horton's horse was shot from under him, but there is no clue to the would be assassin.

"THE BURGOMASTER."

The engagement of that merry musical triumph, "The Burgomaster," to open the Kentucky Tuesday, September 24, is an announcement that should be hailed with delight by all admirers of wit, beauty and song. This jolly jingle is the best musical travesty presented on the stage for many a day, and at its every presentation last season completely captured the best wishes of the entire press and public, and from present gossip, it bids fair to surpass its record here. Frank Pixley's lyrics are not only witty, but they are fluent in themselves, and eminently enjoyable. Gustav Luder's music merits the highest commendation, as its sweet, catchy and tinkling airs are still most popularly vibrating in the happy thoughts of all who were lucky enough to have heard them, as his music is merry, rhythmic and tuneful, with a dozen probably of melodic felicities that the whole town has been whistling or singing ever since the beginning of the season as it has much of that haunting quality that dwells only in music of a genuine type, in fact, "The Tale of the Kanagoo" is not only the hit of the country, but the rage everywhere.

CHICKEN THIEF.

IT IS LEARNED THAT AN OWL HAS BEEN THIEVING.

A thief that has been making depredations in various parts of the city has just been discovered, and proves to be an owl. It has stolen three chickens in two nights at Captain Bill Rollins, on North Fifth street and night before last Mrs. Rollins caught the prowler in the act and threw a stick at him. He has also been killing chickens in other localities. Captain Rollins says the owl is a pet, judging from its fearless invasions, and that someone is likely to run short of a pet in a night or two, for he has borrowed Mayor Lang's shot gun and will lay for the thief. It is supposed it is the same owl that wandered into Soule's drug store a few nights ago with a pigeon in its talons.

ALLEGED FIRE BUGS.

THREE ARRESTED THIS MORNING IN MAYFIELD.

J. K. Long, a confectioner, Henry Seck, his baker, and Frank Carman, well known residents of Mayfield, were arrested in that city this morning shortly after 10 o'clock by Detective Pythian and Officer Herbert Wright on the charge of incendiarism. The men are charged with having set fire to the Graves county bank and Trust Co. The fire was started above the bank so that it might spread to the confectionery stand of Long, it is thought, and the authorities think they have a good case.

The arrests caused much comment in Mayfield this morning. The trials are set for Wednesday.

Winstead's Laxative Phosphate cures chronic constipation.

HOUSE BURNED.

Aenery Howell's Insurance Policy Had Just Expired.

Mr. Gus Grouse's House, on the Broadway Road, Also Destroyed.

The residence of Henry Howell, colored, an employee of Terrell's farm, at Eighth and Terrell streets, caught fire this morning about four o'clock and was totally destroyed. The origin of the fire is unknown and the house and all the furnishings were lost.

Howell's insurance policy ran out yesterday at noon and he did not have it renewed, and consequently, the loss, although comparatively small, will fall heavily upon him. Howell is the man who had his hand shot off a short time ago by the accidental discharge of a shot gun. He was going to use on chicken thieves. The fire department could do nothing as the water mains did not extend that far.

The residence of Mr. Gus Grouse, on the Broadway road, was completely destroyed by fire last night. The origin of the conflagration is not known, but the loss is several hundred dollars.

DIED IN LOVELACEVILLE.

The wife of Dr. Davis, of Lovelaceville, who had been for quite a while ill, died yesterday. The funeral will take place tomorrow.
